Furioso Vineyards Company Overview

Furioso Vineyards was founded in 2014 by our proprietor, Giorgio Furioso. Our Dundee Estate vineyard, previously known as the "Juliard Vineyard," was established in 1972 and is highly acclaimed by many local winemakers for producing grapes of remarkable quality. Renamed Furioso Vineyard in 2015, we focus intensely on organic farming and viticulture so we can ensure and maintain the highest quality, from the first leaf through to harvest and beyond. Beginning with the 2018 harvest, our Trovato Vineyard in the Yamhill-Carlton AVA, added 22 acres to our production. Plantings at Trovato include Pinot noir, Chardonnay, and just under an acre of Tocai Friulano.

Current plantings on our Dundee Hills AVA estate date back to 1989. Blocks 1, 2, 3, 4, and 6 are Pinot noir. Overall, these blocks contain 80% own-rooted Pommard, 15% Dijon 115, and the balance a smattering of Dijon 113 & 114 clones. In August 2015, Dominique Mahé was hired as Furioso Vineyards' Winemaker. Dominique embraces the practices of a "light hand" so you may taste the true terroir of our Dundee Estate: mild extraction, unfinned, unfiltered, and natural fermentation wine.

Tasting Notes:

On the nose, our **2016 La Linea** offers vibrant aromas of violet and blueberry with a hint of black pepper. In the mouth, the wine shows great concentration and a broad palate, with firm tannins which will soften with aging. This rich and complex Pinot is meant to be enjoyed with food and would be the perfect pairing for duck confit or balsamic glazed salmon fillets.
